

# MY SOUND LIFE

## QUESTIONS I HAVE AS A CHILD/TEEN WITH HEARING LOSS...

- What does the audiogram tell me about what I can & cannot hear?
- How does my hearing loss impact how I communicate with others?
- How often do I need to see the audiologist?
- What will my hearing loss look like as I get older?

- How can I figure out problems with my hearing aids?
- What are the benefits of wearing my hearing aids full time?
- How often do I have to get new earmolds?
- How do I clean & take care of my hearing aids?

- How does an FM/DM system help me hear?
- What technology is available to help me listen to a computer, phone, etc.?
- Is there technology available for me to use at the movies, theaters, etc.?

- I am interested in meeting other peers with hearing loss.
- I am interested in learning sign language.
- How do I talk to my peers about my hearing loss?
- How do I talk to teachers about my hearing loss?
