

# Erin Baumler, MD

(she/her/hers)

Developmental and Behavioral Pediatrics Fellow

- I was born and raised in Seattle and am now returning home after living on the east coast for 7 years.
- I'm excited to join LEND to engage in more community advocacy, and for the opportunity to learn from an incredible group of self-advocates and multidisciplinary specialists.
- I love hiking, traveling, trying new foods, reading, and generally spending time outdoors with my puppy!
