

Kali Kramolis, MD, MPH (she/her)

Developmental Behavioral Pediatrics Fellow

- I'm from Wisconsin and love cheese just as much as you'd expect. :)
- I'm so grateful to have completed LEND in WI in 2018, which confirmed my passion for Developmental Peds!
- I've lived in Chicago for residency the past few years.
- LEND is wonderful for many reasons; it genuinely embodies "nothing about us without us" and offers continual opportunities to learn from colleagues in other disciplines.
- My hobbies include being outdoors, eating :) and spending time with my husband and 2 cats, Finn and Felix.
