

Karly Floyd, RN, MBA

Director of Specialty Services, Children's Village

I have been an RN for 19 years, 9 of those years in leadership. I've been in my current role at Children's Village for nearly 2 years.

I'm excited to learn from and collaborate with this group so I can see how we can elevate services at Children's Village.

In my spare time I'm off adventuring with my husband and 3 kids or playing taxi to various kid activities.
