UW LEND Self Advocate

UW Bothell Psychology BA, UW Seattle MSW Candidate, with practicum at TransWa!

I am excited to work with other self advocates, create interdisciplinary teams and learn more about neurodiversity advocacy from both a personal and professional standpoint.

I like to run, craft, learn about LGBT/disability rights history, listen to audiobooks and Chappell Roan's music, and eat dessert!

I grew up in the Seattle area, living in Greenlake now with my cat, Cowboy!
