

Katy Lee (she/ her)

Hello! I am a third-year Master of Social Work and Master of Public Administration student at UW, graduating in 2025.

My hometown is Taipei, Taiwan.

I received my BA in Education and International Relations from Tufts University. Then, I worked as a middle school teacher before pursuing graduate studies.

I'm looking forward to learning from my cohort members, mentors, and supervisors. I hope to grow a more culturally-responsive, anti-oppressive, and interdisciplinary lens to clinical care and advocacy.

In my free time, I enjoy cooking, hiking, running, swimming, and playing badminton.
