## Psychology

Hi all!

Here is a little about me...

- ❖ I grew up in a very small town in Illinois.
- ❖ I bounced between California and the Midwest for my graduate training (MS at UC Davis, PhD at Marquette University in Milwaukee, then UCLA for my internship and postdoc).
- ❖ I had the pleasure of being a LEND trainee in Milwaukee in 2018 – this was one of the best parts of my graduate training!
- ❖ I met my husband in Dublin, Ireland where we returned to get married in 2017 (which is somehow already 7 years ago!).
- ❖ I recently became a mom which has enriched my life beyond what I could have imagined. I could add about a million photos of my little one, Ollie, but I will try to hold back 😊
- ❖ I have a cat (Luna) and a dog (Max) who are the sweetest.
- ❖ I feel incredibly lucky to get to spend my days doing a job that I love and working alongside others who are passionate about what they do.
